To

N. Rama Rao, Esq., B.A., B.L.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
Development Departments.

SIR,

With reference to your Confidential letter No.D.6457/ Geol. 105-26, dated the 10th instant, about the contemplated reservation for the State of all manganese & chrome blocks and directing me not to recommend, until further orders, applications for licenses or leases in respect of such blocks, I have the honour to bring to the notice of the Government the cases of eight Mining Leases and one Prospectingg License already sanctioned to issue. The details relating to each case are set forth in the accompanying statement. It will be seen therefrom that the Mining Leases were sanctioned by Government so far back as 1925, and that the parties have paid the deposit amount, rents & survey fees demanded of them.

2 Further, the terms of the Prospecting Licenses under which the blocks are at present held have been extended by the Department, as detailed in the margin, after recovering rents at renewal rates. In the case of Nos.1 & 2, the periods of the licenses have since been further extended by the Director up to date of grant of leases, but not beyond 18th September and 22nd June 1927, respectively, and rents at license renewal rates have also been demanded from them

1. Peninsular Minerals Co.
   Nos. 654-658 up to 18-9-1926.
2. Messrs. V. Manickavelu Mudaliar & Son.
   No. 660 up to 22-6-1926
3. Messrs. Oakley Duncan & Co.,
   Nos. 662 & 663 up to 8-3-1927.

3. The long delay in the execution of the Mining Leases is

is no doubt inordinate, but there were several contributory causes - such as the delay in the receipt of the deposit & rents from the parties, the survey of the Mining blocks, etc.

4. Messrs. V. Manickavelu Mudaliar & Son., & Messrs. Oakley Duncan & Co., Ltd., (cases Nos.6, 7& & 8 in the statement annexed), have executed the Mining Leases in due form have sent them to me this month. For the completion of the contracts, the Dewan Sahib has only to affix his signature. The Chairman of the Peninsular Minerals Company of Mysore, Ltd., Bangalore - Mr. A. Thangavelu Mudaliar-wrote to say that he will execute the five leases in the early part of February. This he has not done as yet.

5. I wish also to draw the attention of the Government that all the contracts are under the old rules & not on the present profit sharing system. The lease in every case is for 10 years.

6. As regards the Prospecting License (case No.9 in the statement), the Government sanctioned the grant of the license to Mr. B. Ivers for manganese over a block of one Square Mile in the Gubbi Taluk, on the 17th August 1926, under the rules in force & subject to the payment of 25% of net profits. The applicant was addressed to in the matter, but the letter came back undelivered. As the deposit & rent remained unpaid & as the whereabouts of the party was unknown, I ordered the cancellation of the license on the 19th instant. But now Mr Ivers requests a reconsideration of this decision on the score that being absent from India, he did not receive the letter mentioned above.

In view of the facts set forth, I solicit the orders of Government about the issue of these Mining Leases & the Prospecting License. Now that the proceedings in every case have gone on so far, I beg to state that it will be undesirable to withhold the execution of the leases at this stage. As it is necessary that the leases should be issued with as little dela
